Agriculture, Ecosystems and Environment, 43 (1993) 363–365
Elsevier Science Publishers B.V., Amsterdam

Author Index

Adams, J.F., Hajek, B.F., Davis, D.P. and Hartzog, D.L. (Auburn, IL, USA)
Relationship between peanut yield and soil classification of Ultisols in southeastern Alabama 79
Alford, A.R., *see* Fan, Y. et al.
Alvarado-Rodriguez, B., *see* Trumble, J.T. and Alvarado-Rodriguez, B.
Armstrong, A.C. (Cambridge, UK)
Modelling the response of in-field water tables to ditch levels imposed for ecological aims: a theoretical analysis 345
Banuelos, G., Mead, R. (Fresno, CA, USA) and Hoffman, G.J. (Lincoln, NE, USA)
Accumulation of selenium in wild mustard irrigated with agricultural effluent 119
Brusven, M.A., *see* Fielding, D.J. and Brusven, M.A.
Carter, M.R. and Kunelius, H.T. (Charlottetown, P.E.I., Canada)
Effect of undersowing barley with annual ryegrass or red clover on soil structure in a barley–soybean rotation 245
Chown, S.L., *see* Dennill, G.B. et al.
Colbourn, P. (Aberystwyth, UK)
Limits to denitrification in two pasture soils in a temperate maritime climate 49
Davis, B.N.K., Lakhani, K.H., Yates, T.J., Frost, A.J. and Plant, R.A. (Huntington, UK)
Insecticide drift from ground-based, hydraulic spraying of peas and brussels sprouts: Bioassays for determining buffer zones 93
Davis, D.P., *see* Adams, J.F. et al.
Dennill, G.B., Chown, S.L. (Pretoria, South Africa) and Donnelly, D. (Stellenbosch, South Africa)
Expansion of host–plant range of a biocontrol agent *Trichilogaster acaciaelongifoliae* (Pteromalidae) released against the weed *Acacia longifolia* in South Africa 1
DesGranges, J.L., *see* Graham, D.J. and DesGranges, J.L.
Donnelly, D., *see* Dennill, G.B. et al.
Douds, Jr., D.D. (Philadelphia, PA, USA), Janke, R.R. and Peters, S.E. (Kutztown, PA, USA)
VAM fungus spore populations and colonization of roots of maize and soybean under conventional and low-input sustainable agriculture 325
Eivazi, F. (Jefferson City, MS, USA) and Zakaria, A. (Selangor, Malaysia)
β-glucosidase activity in soils amended with sewage-sludge 155
El-Hassanin, A.S., Labib, T.M. and Gaber, E.I. (Giza, Egypt)
Effect of vegetation cover and land slope on runoff and soil losses from the watersheds of Burundi 301
Fan, Y., Liebman, M., Groden, E. and Alford, A.R. (Orono, ME, USA)
Abundance of carabid beetles and other ground-dwelling arthropods in conventional vs. low-input bean cropping systems 127
Fielding, D.J. and Brusven, M.A. (Moscow, ID, USA)
Spatial analysis of grasshopper density and ecological disturbance on southern Idaho rangeland 31

Frost, A.J., *see* Davis, B.N.K. et al.
Gaber, E.I., *see* El-Hassanin, A.S. et al.
Graham, D.J. (Quebec City, Que., Canada) and DesGranges, J.L. (Sainte-Foy, Que., Canada)
Effects of the organophosphate azinphos-methyl on birds of potato fields and apple orchards in Quebec, Canada 183
Groden, E., *see* Fan, Y. et al.
Hajek, B.F., *see* Adams, J.F. et al.
Hartzog, D.L., *see* Adams, J.F. et al.
Hoffman, G.J., *see* Banuelos, G. et al.
Huang, B.L. and Murray, F. (Murdoch, W.A., Australia)
Effects of sulphur dioxide fumigation on growth and sulphur accumulation in wheat (*Triticum aestivum* cv. Wilgoyne (Ciano/Gallo)) under salinity stress 285
Hulugalle, N.R. and Ndi, J.N. (Yaounde, Cameroon)
Soil properties of termite mounds under different land uses in a Typic Kandiudult of southern Cameroon 69
Janke, R.R., *see* Douds, Jr., D.D. et al.
Kirkham, F.W. and Wilkins, R.J. (Okehampton, UK)
Seasonal fluctuations in the mineral nitrogen content of an undrained wetland peat soil following differing rates of fertiliser nitrogen application 11
Koizumi, H., Usami, Y. and Satoh, M. (Ibaraki, Japan)
Carbon dynamics and budgets in three upland double-cropping agro-ecosystems in Japan 235
Kunelius, H.T., *see* Carter, M.R. and Kunelius, H.T.
Labib, T.M., *see* El-Hassanin, A.S. et al.
Lagerlof, J. and Wallin, H. (Uppsala, Sweden)
The abundance of arthropods along two field margins with different types of vegetation composition: An experimental study 141
Lakhani, K.H., *see* Davis, B.N.K. et al.
Liebman, M., *see* Fan, Y. et al.
Mead, R., *see* Banuelos, G. et al.
Murray, F., *see* Huang, B.L. and Murray, F.
Ndi, J.N., *see* Hulugalle, N.R. and Ndi, J.N.
Odend'hal, S. (Athens, GA, USA)
Energetics of cattle in a rural Chinese village 201
Intermediary agricultural energetics: a case study of solar energy linkage with Chinese working cattle 217
Osemeobo, G.J. (Garki-Abuja, Nigeria)
Evaluation of smallholder land use for cassava production in Southern Nigeria 163
O'Leary, J.W., *see* Watson, M.C. and O'Leary, J.W.
Padmavathi, T., *see* Veeraswamy, J. et al.
Peters, S.E., *see* Douds, Jr., D.D. et al.
Plant, R.A., *see* Davis, B.N.K. et al.
Rosenheim, J.A. and Wilholt, L.R. (Davis, CA, USA)
Early-season populations of *Aphis gossypii* on cotton: 'to spray or not to spray?' is not the only question 353
Satoh, M., *see* Koizumi, H. et al.
Trumble, J.T. (Riverside, CA, USA) and Alvarado-Rodriguez, B. (Sinaloa, Mexico)
Development and economic evaluation of an IPM program for fresh market tomato production in Mexico 267

Tsatsarelis, C.A. (Thessaloniki, Greece)
Energy inputs and outputs for soft winter wheat production in Greece 109
Usami, Y., *see* Koizumi, H. et al.
Veeraswamy, J., Padmavathi, T. and Venkateswarlu, K. (Anantapur, India)
Effect of selected insecticides on plant growth and mycorrhizal development in sorghum 337
Venkateswarlu, K., *see* Veeraswamy, J. et al.
Van Duivenbooden, N. (Wageningen, Netherlands)
Grazing as a tool for rangeland management in semiarid regions: a case study in the northwestern coastal zone of Egypt 309
Wallin, H., *see* Lagerlof, J. and Wallin, H.
Watson, M.C. and O'Leary, J.W. (Tucson, AZ, USA)
Performance of Atriplex species in the San Joaquin Valley, California, under irrigation and with mechanical harvests 255
Wilhoit, L.R., *see* Rosenheim, J.A. and Wilhoit, L.R.
Wilkins, R.J., *see* Kirkham, F.W. and Wilkins, R.J.
Yates, T.J., *see* Davis, B.N.K. et al.
Zakaria, A., *see* Eivazi, F. and Zakaria, A.
